Reason And Emotion In Psychotherapy

Reviewed in the United States on July 9, 1998 The author has written the most lucid and powerful treatise dealing with the field of cognitive-behavior therapy in his work, "Reason and Emotion in Psychotherapy". He continues to display his uncanny knack for communicating profound theories in plain, simple English that anyone can understand.

Reason And Emotion In Psychotherapy: Ellis, Albert ...

Although it's a little dated now, Reason and Emotion in Psychotherapy provides an excellent overview of the early development of what is now known as Rational Emotive Behavior Therapy. The theory and practice of REBT evolved over the years since this book was written (and homosexuality is no longer seen as a disorder).
