The Image: A Guide to Pseudo-Events in America is a 1962 book by the political historian Daniel J. Boorstin. In his book, Boorstin argues that Americans have a false "image" of what "news" actually is. He argues that Americans mistake certain " pseudo-

events " for real news, when in fact they are the contrivances of politicians and news corporations.

The Image: A Guide to Pseudo-Events in America: Boorstin ...

First published in 1962, this wonderfully provocative book introduced the notion of "pseudo-events"--events such as press conferences and presidential debates, which are manufactured solely in order to be reported--and the contemporary definition of celebrity as "a person who is known for his well-knownness." Since then Daniel J. Boorstin's prophetic vision of an America inundated by its own ...
