The Invention Of Russia The

A winner of the Orwell Prize, The Invention of Russia reaches back to the darkest days of the cold war to tell the story of Russia’s stealthy and largely unchronicled counter revolution. A highly regarded Moscow correspondent for the Economist, Arkady Ostrovsky comes to this story both as a participant and a foreign correspondent.

The Invention of Russia: The Rise of Putin and the Age of ...

The Invention of Russia is a clear explanation of the fall of the Soviet Union and the rise of Putin. It shows the extent to which reality is constructed by shared language and context, and how that context can be guided by those in control of the media. Excellent and a useful tool for framing the current American media environment.
