Pythagoras Math Book Set - How To Homeschool My Child

Charming fictional account of how the young Pythagoras might have discovered his famous theorem. If you (or your students) are not mathematical and stories help you understand abstract concepts, this book might be a good introduction/help for those starting Geometry. In any event, it is an enjoyable read.

What's Your Angle, Pythagoras? A Math Adventure by Julie Ellis

Pythagoras is a curious boy who forgets to do his chores because he is too busy solving math problems. His latest puzzle is that of his cousins' musical instruments. Using his mathematical logic, Pythagoras figures out how to fix the pipes and lyres' out-of-tune sounds, just in time for the big town concert.
